CORE ARBIA

Core Arbia is an industrial service provider in the Kingdom of Saudi Arabia. We believe that, through excellent interpersonal relationships, we can deliver our best services to our clients. We work in the principle of the 3 Ps. Patience, Persistence, and Perspiration. For us, business is developing a good relationship. We serve a variety of sectors including Petrochemical, Oil & Gas, Power Generation, and other Industrial divisions. With the cardinal approach of being an influential entity in Saudi's infrastructure development, we have developed a modernistic facility for serving diversified demands of the market. Through this system, we have excelled in providing all-around effective services & solutions with utmost precision. In addition to this, with the utilization of highly assiduous personnel, we have earned a huge clientele base to cater.

ABOUT CORE ARBIA

Core Arbia is an industrial service provider in the Kingdom of Saudi Arabia.

Our Mission

To pursue excellence in all operations by improving quality standards and procedures and developing competitive people that can best render a world class service to clients.

Our Vision

To be the best and most respected industrial service provider striving to reflect the highest ethical and professional standards that can deliver a world class customer experience to client.

Our Values

By upholding basic human values, respecting nature and helping the weak and disadvantaged through several activities, we hope to develop the new chain of our team.

MANPOWER SUPPLY

We are successfully supplying manpower and labor services to various industries. Our manpower supply services always helps in recruiting the right candidates for the prescribed jobs in various companies. This helps in saving time, energy and our client's money. Before we provide the required manpower or labor to our customer, we check the candidates on following basis

Rental Vehicle & Transportation

We understand that getting employees to work on time and off work is the key

Our company has backup transport means to handle emergencies based on a well-defined management system, plus a robust industry alliance network. Our customers can rest assured of our service.

- ✓ 66-Seated Buses – AC/Non-AC
- ✓ 55-Seated Buses – AC/Non-AC
- ✓ 33-Seated Coaster
- ✓ 15-Seated Hi Ace
- ✓ Pickup, SUVs & Sedans

Sweet Water Supply

The company offers, via its fleet of different sizes of transporting water tanker trucks, the service of delivering water to the customers according to needs of the clients in the specific times with the required amounts. Our fleet of tankers- equipped according to the highest health and operation specifications and standards – provides drinking water for all consumers in the private and public sectors and to public utilities. We have many agreements in sweet water supply even in the places in rugged deserts.

Civil Construction

We have a team of civil construction experts handling the construction & contracting division which make us provide highly efficient and accurate services to our clients. Our team members are experienced & professionals, by which we reduce our uncertainties to the lowest level.

From start to finish, we cover most of the stages. Core Arbia offers the services you need to uniquely support whatever your project may have.

Industrial Civil Construction

We have worked on a variety of industrial construction projects.

Whether you're planning to build a brand-new facility or an addition to your existing one, our industrial contractors have the expertise to meet the strictest standards and most challenging needs. We tailor construction services to your needs. Need minimum downtime on production? Need to meet requirements under a strict budget? Need turnkey installation? We've got you covered. We can assist you in general contracting, design-build, construction management, risk management, and more.

Blasting, Painting & Insulation

of all systems, paints, Insulation manufacturers and compliance to International Standards as well as Saudi Aramco & SABIC standards too.

Fireproofing

is rendering resistant to fire, or incombustible; or material for use in making anything fire-proof. It basically applies to structures, materials, etc. We basically offer a passive fire protection measure..

Scaffolding Services

Scaffolding Solutions handles all aspects of design, Material rental, erection, dismantling & modification in the Kingdom of Saudi Arabia

Our Scaffolding Solutions are easy to use, quick to set up, and safer than other scaffolding products available. Incorporating a fall prevention methodology, a versatile 360-degree connection, and more leads to hassle-free scaffolding for your project.

No matter the size of your project, Scaffolding Solutions supplies, designs, and installs trash and water chutes for your demolition and construction projects.

Waste Management

We have enough skip containers and skip carriers to collect the non-hazardous solid waste and transport that to landfills approved by both Saudi Aramco & Municipality.

We are the expert in skip bins, with a wide range of sizes and capacities to suit projects of every size. Regardless of whether you are clearing out your garage and having a proper spring clean or demolishing a house and need to shift many debris, you can rely on us to provide products that will suit your needs. We have only state-of-the-art skip bins, each designed to make waste removal simple.

Procurement & Supply

Core Arbia provides premium and qualitative procurement and supply of equipment, critical parts and components, tools, materials, accessories, and consumables for a wide range of Oil & Gas, Industrial, Marine, and Corporate needs.

Procurement is made both locally and overseas while maintaining Quality, Safety, Quantity, Regulatory and other requirements of each specific contract or purchase order. We keep developing a network of Original Equipment Manufacturers (OEMs), Sole Agents, Representatives and Suppliers worldwide, giving us access to worldwide services that enable us meet and even exceed customer requirements and orders. We take your supply chain challenges away from you.

Trading

We are proud to be an established supplier to Oil and Gas refineries, Petrochemicals, Electro-mechanical and associated engineering industries who recognize our potential in supplying the highest quality of materials.

Industrial Pipes, Fittings, Hoses, Valves & Flanges

We have a team of qualified, well-experienced technical and sales staff, capable of providing required technical guidance and economical solutions and offer the best after-sales services.

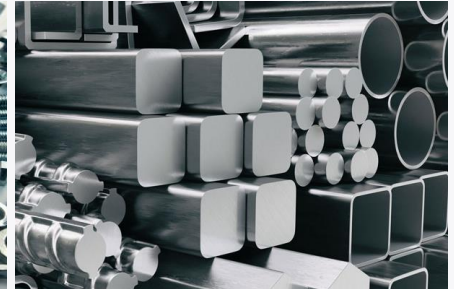

Construction Material

Structural Steel & Gratings

Hardware & Fasteners

Fabrication Material

Fabrication Services

Our teams bring experience and qualifications in diverse sectors across the kingdom.

No matter the size, shape, or complexity of your pipe spool, skid, or vessel fabrication job, Core Arbia has the experience and capacity to get it done right.

Sectors include oil and gas, petrochemical, power generation, renewables, mining, transmission, offshore and more. Our focus on semi-automation and lean construction and our unique material resource planning keep your project on track.

Plant Maintenance & Operations

Plant maintenance includes scheduled and unscheduled maintenance. Plant maintenance may be scheduled according to the age of equipment or usage of equipment. Unscheduled plant maintenance can occur after equipment failure or operation excursions.

Plant maintenance can cause downtime due to process disruption and critical assets being taken offline for servicing. During plant maintenance, input supply chains may lose efficiency as assets are unable to process at their normal rate. The short-term reduction in profitability caused by process disruption, as well as the costs associated with servicing or repairs, often leads many companies to defer plant maintenance.

Shutdown & Emergency Services

Our in-depth asset integrity management expertise in Shutdown and Maintenance Services minimizes shutdown time and costs, without compromising on safety and quality, while increasing asset performance by means of a modification project. Whether for emergency repairs, capital project tie-ins, or major shutdowns, our turnaround teams follow a disciplined, multi-phase approach to plan, schedule, staff, and execute shutdown services of all sizes.

Third Party Services

Inspection

Vendor Quality Surveillance, Third Party Vendor Inspection, Material Inspection

Testing

Civil Testing Service, Geo technical Investigation, Geo Physical Studies & Testing, Pile Testing Service, Chemical & Water Testing
